ABOUT INSTITUT SAINT-DOMINIQUE

Institut International
Saint-Dominique

With its 60 years of history, the Saint-Dominique Institute in Rome welcomes, in a preserved green environment, students from many countries from the "Toute Petite Section" of the kindergarten to the last year of high school, eager to pursue a demanding and ambitious French education.

In this exceptional setting of 6 hectares, pupils have the opportunity, whatever their age, nationality and sensitivity, to achieve their schooling from a personalised pedagogical and educational framework.

Focused on multilingualism (French, English, Italian), personalized accompaniment to the courses and cultural, artistic and sports development, our school project contributes in a careful but rigorous way to the realization of each pupil. The multilingual course from an early age, and the preparation for the IB (International Baccalaureate) from the 2nd high school (class of "Seconde"), allows access to the teaching of the national program in French, English and Italian by teachers "native speaker".
